LOCK01

SMART LOCK WITH FINGERPRINT

Material: ABS plastic

Logo: print

Minimum order: 50 pcs

Colors:

With our smart lock your things will always be safe. Unlocking with a fingerprint is more reliable than unlocking with a code that can be guessed or forgotten. The lock has a 10 fingerprint memory for multiple user access and lasts 6 months thanks to a 80mAh battery. Charges via USB cable.

XT492

USB S OTISKEM PRSTU

This USB Flash drive is unique in that it is divided into secure and non-secure partitions on the fingerprint. A user whose fingerprint was not entered in the disk control program will not get into the protected partition. The control program allows you to save up to 10 different fingerprints: 1 for the administrator and 9 for the user.
