PB141

FOLDABLE WIRELESS CHARGER 3 IN 1

The 3-in-1 foldable wireless charger will provide you with 3 charging surfaces for all your devices. The maximum power of the wireless charger is 15W. Thanks to MagSafe technology, it charges your iPhone with a power of up to 7.5W (other smartphones up to 15W). In the middle of the charger is a flip-up module for Apple Watch with a maximum output of 2.5W. The third charging surface can be used to supply power to your AirPods or any other device that supports wireless charging with a power of 3W. If you don't want to use all the charging surfaces, you can simply fold the charger as you need thanks to the flexible silicone connections. In this way, the charger can also be used as a phone holder. The elegant and stylish design complements any desk.
